Blockchain and Semiconductors: Quantifying the Opportunity

Boston Regional: Thursday, June 7th

The Regional Series meetings provide an excellent avenue to introduce your local team to the association and industry peers.

Randy Lawson, Senior Principal Analyst and Associate Director for Semiconductor & Displays Technology Consulting at IHS Markit will share insight on this hot topic. Blockchain is seeing increased adoption across a number of industries. Learn about how semiconductors are helping to enable blockchain technology adoption and

implementation and where opportunities exist to help sell more electronics.

Company executives and branch personnel - along with their supply chain partners - enjoy a hosted social hour and dinner in a relaxed environment. Make plans to attend from 4:00 - 7:00. [Click here](#) for details and to register.

Electronic Component Sales Trends Survey

Survey Closes 5/31 - Results Published in June

Want Accurate Industry Market Trend Data?

available through ECIA's membership in NAM.

Please Respond by May 31st

Published quarterly, the Electronic Component Sales Trends (ECST) survey asks for your view on activity in certain end-markets and sales trends for specific electronic component groups. This survey has two goals: confirm predictions about the current quarter and determine sentiments about the next. Please take a few minutes to share your opinion at: www.ecianow.org/ECST

The results of the survey will be published by mid-June. Members, access previous reports by visiting www.ecianow.org. Log in at the upper right corner and visit "Industry Stats and Analytics" under the "Knowledge Center" tab to view the reports. *If this is the first time you've logged into the site, after clicking on My ECIA (log in), you'll need to click on the reset password link.*

If you have any questions about the ECST and other data offered by the ECIA Statistics Council, please contact [Jim Bruorton](#).

ECIA Foundation "Project Host 2018" Gets Enthusiastic Support

ECIA thanks the 2018 participants in "Project Host," a program that provides university students and their faculty the opportunity to attend EDS.

This year's host companies included **Abracon, Bourns, Inc., Catalyst Sales, Crouzet North America, Digi-Key Electronics, Kruvand Associates, Marsh Electronics, Mouser Electronics,** and **O'Donnell Associates North**. A special thanks to program sponsor **Mouser Electronics!**

[Student Ambassadors](#) were matched with ECIA member executives and shadowed them to meetings.

Did You Know?

New FAQ Page Has Plenty of Answers

A collection of [FAQ's](#) has been added to the ECIA site. Use the site to get assistance in accessing resources and registering for events. When you need a quick answer, check the FAQ page first. We are always happy to talk to you too, so please don't hesitate to contact the office at 678-393-9990.

[Keep Getting This Newsletter](#). Don't let future editions of The Source go missing. Take a moment to add the newsletter's address to your anti-spam white list: ECIANews@ecianow.org. If you're not sure how to do that, ask your administrator or ISP or check your anti-spam utility's documentation. Thanks.
