ECIA Members-Only Forum on Tariff Implementation

You are invited to an ECIA members-only forum to discuss the tariff on imported electronic components manufactured in China. The forum is designed to give association members a chance to ask questions about the tariff and its implementation. The call will be held on Thursday, August 30, at 2:00 p.m. Eastern and registration is required.

To register, please go to www.ecianow.org and log in to the My ECIA page. Click on the Industry Issues tab to visit the China Tariff Resources page.

Electronic Component Sales Trends Survey Closes 8/31: Results Published in September

Published quarterly, the Electronic Component Sales Trends (ECST) survey asks individuals from member and non-member companies for their personal view on activity in certain end-markets and sales trends for specific electronic component groups. This survey has two goals: confirm predictions about the current quarter and determine sentiments about the next. Please take a few minutes to share your opinion at: www.ecianow.org/ECST. The value of the survey is increased when more people participate.

If you have any questions about the ECST and other data offered by the ECIA Statistics Council, please contact [Jim Bruorton](#).

Regional Series: Minneapolis | October 2 Event Will Address the State of Manufacturing in MN and What's New in IoT Market

The final regional meeting of the year will focus on two areas of importance to ECIA members in Minnesota: manufacturing and IoT progress. Don't miss it!

Bob Kill, president and CEO of [Enterprise Minnesota](#) is the first speaker of the evening and will present data from his organization's tenth annual State of Manufacturing®, a comprehensive survey project sponsored by Enterprise Minnesota and its partners.

ECIA Executive Conference

Scott Nelson, Vice President of Product, [Digi International](#) will discuss the IoT market - what's new, where it's headed and what it means for increased sales of electronic components. Scott is responsible for directing the company's vision, strategy, and product roadmaps in collaboration with Research and Development, Sales, and Operations.

Thank you to the generous Regional Series Sponsors:
