## **ECIA Webinar Series Focuses on Cyber Security While Working from Home**

Atlanta - ECIA is once again partnering with [The Trust Bridge](#) to offer a webinar series on the cyber security issues that arise for companies whose employees must work from home during the COVID-19 crisis. The series focuses on a range of issues, including practical and useful tips for maintaining cyber health, ways to maximize internal team communications, and how to look professional on screen.

The 20-minute segments are designed to bring you the latest best practices from subject matter experts at The Trust Bridge. Register for one, two or all three.

- [Thursday, April 9](#): Work Safe and Care for Your Cyber Hygiene & Internal Communications and Keeping in Touch with Your Teams
- [Tuesday, April 14](#): Checking Your Data Assets; Look Professional on Screen
- [Thursday, April 16](#): Supply Chain Assurance and Operational Resilience

“The Trust Bridge has been on top of cyber security issues surrounding the current shelter at home situation,” said Debbie Conyers, ECIA VP of Member Engagement. “This is important guidance for the industry. Now more than ever it is important to arm yourself and your team with solid information.”

### **About ECIA**

The Electronic Components Industry Association (ECIA) is made up of the leading electronic component manufacturers, their manufacturer representatives and authorized distributors. ECIA members share a common goal of promoting and improving the business environment for the authorized sale of electronic components. Comprised of a broad array of leaders and professionals representing all phases of the electronics components supply chain, ECIA is where business optimization, product authentication and industry advocacy come together. ECIA members develop industry guidelines and technical standards, as well as generate critical business intelligence.
