

Why Join?

The Electronic Components Industry Association (ECIA) is made up of the leading electronic component manufacturers, their manufacturer representatives, and authorized distributors. ECIA members share a common goal of promoting and improving the business environment for the authorized sale of electronic components.

Whether you are a manufacturer, distributor, or manufacturers' representative, we all face similar challenges in business. ECIA serves as the platform to influence policies that directly impact the efficiency of the supply chain and the future of electronics.

ECIA is a comprehensive forum that includes the entire electronic components supply chain. We bring all the players to the table to solve the tough industry challenges that directly affect your bottom line. ECIA is the voice of the industry. [Learn more about joining](#) or [join us today!](#)
