# Tabletop Exercise Duration – By Type

On average, what is the duration of your cyber tabletop exercises?

Global Industry Practices Committee (GIPC)

# Tabletop Exercise Duration – By Size

On average, what is the duration of your cyber tabletop exercises?

Global Industry Practices Committee (GIPC)

# Ransomware Attack Response – By Type

In the event of a ransomware attack, how would your company respond to demands for payment?

Global Industry Practices Committee (GIPC)

# Ransomware Attack Response – By Size

In the event of a ransomware attack, how would your company respond to demands for payment?

Global Industry Practices Committee (GIPC)

# List of “Others” for Ransomware Attack Response

## Distributors

- We do not plan on paying, but I wouldn't say never
- We have insurance against ransomware
- You cannot pay and get your data back. Advanced ERP systems are broken. Have great back up database and spend your monies switching to that.
- Prefer to not state publicly

## Manufacturers

- Our IRP calls for the involvement of legal on a global scale

## Manufacturer Representatives

- Corporate would decide
- Refer immediately to our IT company. We had a ransomware attack, and our IT company disarmed it.

Global Industry Practices Committee (GIPC)

# Ransomware Activity – By Type

## Has your company experienced any ransomware related activity?

# List of “Others” for Cybersecurity Controls

## Distributors

- Lots of Month/Week/Day/Hour Offsite roll back backups and near realtime off site data sync on Key DB Files

## Manufacturers

- SIEM, PAM, MFA projects are in progress
- Currently in process of CMMC readiness
- I'm not sure if we consider it Network Detection and Response but, we employ deception or honeypotting technology also!

## Manufacturer Representatives

- All web-based service products
- Corporate has responsibility
